SAMPLE ITINERARY - ACTIVITY-BASED LESSON PLAN

Topic	Description
Introduction to session and topic	Brief introductions, group activity, set expectations and topic introduction.
Why Activity-Based Learning?	Presentation & discussion on benefits, theory (constructivism), and examples of ABL in education
Elements of an Effective Lesson Plan	Break down components (Objectives, Materials, Procedures, Assessment, Differentiation).
Designing Activities for Engagement	Workshop: How to match activities to objectives. Discuss types: games, role-plays, stations, etc. Using technology tools for ABL
Creating an Activity-Based Lesson Plan	Teachers work in pairs or small groups to create a lesson plan based on subject or experience
Adaptation & Differentiation Strategies	Discuss how to modify for diverse learners, low-resource settings, or large classes.
