# HOW EXPLICO WORKS ?

Explico's learning journey works with assessments and learning sessions, students take a series of AI driven assessments based on which the system identifies their academic strengths and weaknesses topic wise.

Based on the analysis report the system recommends live sessions based on their analytic reports which the students can attend to improve or overcome their learning.

## HIGHLIGHTS & PERKS

Accurate  
AI-based  
assessments

Provides regular  
progress reports

1-on-1  
sessions with  
star teachers

Live session  
recording  
of lessons

Comes in  
various price  
packages

Identifies  
specific topic  
deficiencies

Assessments  
from teachers  
at live sessions

Utilises  
proprietary  
video platform

Teachers  
experienced  
in multimedia tools

The more  
credits bought,  
the more savings
