## About masterCXO

We believe that every child is born with some unique capabilities and show comprehensive curiosity. MasterCXO helps the child to discover their talents, nurture them and bring out the best in them.

**Redefining the way you  
make your career choices**

Our course is designed to lay a strong foundation for an aspiring career and be future ready to face the corporate world. MasterCXO ensures that a child stands apart amongst their peers in terms of logical development, understanding, experiential learning and the upcoming trends which is need of the hour.

MasterCXO aims to be the world's #1 online bootcamp provider that enables learners through rigorous and highly specialized training. A joint mentoring with Global Professionals and MasterCXO provides an integrated blended learning which balances left and right brain thinking, convergent and divergent thinking, to enable peak creative expression.

**Be the genius,  
Explore the 21st century skills.**

# 4

## Why Jr.Entrepreneur?

**“It’s not about ideas.  
It’s about making  
ideas happen.”**

- Scott Belsky

Over 100 million businesses are launched each year. That’s 11,000 per hour or 3 new businesses per second. Entrepreneurship is very crucial for stimulating economic growth and creating employment opportunities.

By creating unique products and services, entrepreneurs break away from traditional methods and innovate which results in an improved quality of life, and greater economic freedom for the entire society. Jr.Entrepreneur Program is a marvel program in collaboration with Global’s best Professionals which not only assess your skills but also help you collaborate and gain knowledge in specific areas of expertise like Finance, Marketing, Design & Production, Sales and Storytelling.

This innovative program opens up your minds to the joy of entrepreneurship, helps each one of you to get beyond the pitch and turn your ideas into a reality.

**"I'm convinced that about half of what  
separates successful entrepreneurs from  
the unsuccessful ones is pure perseverance."**

- Steve Jobs

# Researched Benefits of Jr. Entrepreneurship Course

5

1

The program has a significant impact on building confidence, self-awareness and self-esteem, and an appreciation of the individual skills of every participant.

2

The program kindles the thinking ability of every student, prompts them to act with initiative, develop creative and independent ideas.

3

75 % Performance Improvement in STEM: Students learn commands, loops, sequences and conditions which strengthen their logical reasoning and technical skills. As a result, a measurable improvement in Mathematics and Science Scores was observed.

4

Transformed Abstract thinking: Students Learn to plan, recognize patterns and develop algorithmic thinking which helps in solving problems logically. This development is useful for various competitive entrance exams viz NTSE, Olympiads, IITJEE, NEET, etc.
